Pittsburg's Ball Team May Go to Mexico Next Fall.

GENERAL SPORTING NEWS OF THE DAY

Spalding's baseball teams played the most exciting game of their tour yesterday at Manchester. The score was twice tied. The playing was brilliant and the All Americas, won by only one run. The weather was fine and the grounds were in excellent condition, but the attendance was not as large as expected. The players were entertained in the evening. To-day their English programme will terminate at Liverpool.

PRY CABLE TO THE DISPATCH.]

MANCHESTER, March 22 .- (Copyright). -The American ball players did not attract as much attention here as at Glasgow, dining cars not being such a curiosity here, but several thousand people visited the station during the day to see the handsome special train and the celebrated athletes. The weather was the brightest yet enjoyed in England. The sun shone pleasantly and the air was brisk. The ball players were extremely anxious to make a good impression here, as it is one of the foremost cricketing sections of England. They played on the old Trafford cricket ground and declared it the finest in England. The ground was favorable for sliding to bases, being

A very large attendance was expected, and there was some surprise that it only numbered about 2,500. Both clubs were anxious to win, and the battle proved to be one of

THE MOST EXCITING GAMES played on the trip. All America took quite : commanding lead in the first three innings, the score standing 5 to 0. In the following three Chicago did some good batting and tied the score. The All Americas again took the lead in the eighth. The ninth inning was very exciting, and the spectators seemed to be im pressed with the situation. The Chicagos had two out and Pettit on third. Anson popped up a fiv which Crane muffed, and Pettit scored the tieing run. Pfeffer was hit by pitched ball, with two men on bases. Tener made a terrific hit to left, which seemed to be sailing over Fogarty's head. He made a great run and a spleudid catch that provoked prolonged cheers. The All Americas had the last innings. Hanlon led off with a base hit, stole second

Early in the evening the teams were dined at the Anglo-French Club by Raymond T. Eddy, representing J. V. Farwell & Co., of Chicago. Covers were laid for 75, including 40 members of the club. Among the guests were United States Consul Hale and ex-Consul Newton Crane. The dinner was splendid, and the menus prettily decorated with cuts of baseball scenes. Toasts to the Queen, Presidents Har-rison and Carnot were drank with short speeches and great enthusiasm. At the close of the banquet the entire party attended the Comedy Theater upon the invitation of Miss Annie Vivian, who had a benefit. She is premiere, and in the pantomine of "Aladdin" danced in a costume of American flags, to the tune of Yankee Doodle and other American airs, and was heartly cheered. The teams leave for Liverpool in the morning, and end the tour of England in the afternoon. The All-Americas are now five games ahead, and cannot lose their lead, as only three more games are to

## PANCOAST DISABLED.

The Famous and Costly Stallion Becomes Completely Paralyzed. PETECIAL TELEGRAM TO THE DISPATOR.1

LOUISVILLE, March 22.—Information has been received from the Parkville farm, on Long Island, that the celebrated stallion Pancoast has been permanently crippled and his usefulness destroyed. Something less than a year ago he was struck

by lightning while standing in his stall. One side of his body was deadened by the shock, and he had no control of the muscles of his face. It was thought at the time that careful face. It was thought at the time that careful nursing would eventually bring the great trotter around all right, and for a time it appeared as if he were getting better. Recently, however, paralysis has set in, and his case is considered hopeless. A message received in this city yesterday announced that Pancoast was practically dead, since he would never be able to use himself again.

Pancoast was purchased in 1887 from J. C. McFerran, of this city, by Mr. John H. Shultz of Brooklyn, for \$25,000. He is by Woodford Mambrino, dam Biscora, and his most fameus colt is Patron.

A New Kennel Club. new (kennel club has finally been organ ized in the city. Some time ago THE DIS-

PATCH stated that quiet efforts were being made toward forming such an organization made toward forming such an organization, and a club was quietly formed a day or two ago. It is chiefly composed of young dog fanciers who have not been satisfied with the workings of the old association. The members of the new club state that they do not intend to do anything antagonistic to the old club. Application will be made for admission to the American Kennel Club. Among the members in the new club are Messrs. S. L. Boggs, J. O'H. Denny and W. E. Littel.

ST. PAUL, MINN., March 22.-The face of Sr. Paul, Minn., March 22.—The face of Secretary Shaw, of the Twin City Jockey Club, was wreathed in smiles this afternoon when he read that the bill preventing poolselling in Minnesota had failed to pass the Senate by a single vote. An effort will be made to get a reconsideration, but it is believed the St. Paul and Minneapolis delegations will prevent the measure from reaching the Governor.

A Ball Player in Trouble.

PRANKLIN, PA., March 22.—Henry Kessler, a well-known professional baseball player, now under contract with the Alliance (O.) club, was arrested in this city and sent to jail for six months for tapping the till of the Arcerican House during the absence of the barkesper. AN IMPORTANT CHALLENGE.

The following important challenge appears in this week's issue of the Horseman:

A short time since my attention was called to a communication signed by S. A. Brewne, of Kalamazoo, wherein he states that a son of Grand Senting can best any stalling in Michigan. Grand Sentinel can beat any stallion in Michigan. While I admire Mr. Browne's pluck and enterprise, and have a high opinion of his judgment in horse matters, I nevertheless believe that in this particular statement he has made an errof. I have delayed replying to the article referred to in the hope that some other owner of the many fast stallions in this State would respond, as I felt that there were other owners, perhaps more prominent, who would undertake to decide the point which Mr. Browne has raised, but as no one else has done so, and believing that I have a faster stallion than any son of Grand Sentinel, and in the most friendly spirit toward Mr. Browne and the interests he represents, I desire to hereby notify him that I will match my 6-year-old stallion Junemont, 2:185%, against any entire son of Grand Sentinel for any reasonable sum, say from \$1,000 to \$3,000, a race of mile heats, three in five, to be trotted over Detroit or Chicago tracks during the months of July, August or September, 1889, provided Mr. Browne shall signify his acceptance of this proposition within 30 days from this date. the Fifth Time. SPECIAL TELEGRAM TO THE DISPATCH.1 JACKSONVILLE, March 22,-Over 600 peop saw the Philadelphia League team gain their fifth victory over the Jacksonvilles to-day by a score of 6 to 3. It was a great helding contest. The Philadelphians' only error was an overthrow to second by Hallman. Mitchell pitched a remarkable game. He struck out ten men, and confined the local team to five hits. Wright's boys scored in the second inning on a two-baser by Delahanty and an error by Lebane. They made two more runs in the sixth on hits by Thompson, Irwin and Kirby and a sacrifice by Delahanty, and three in the seventh on base-hits by Mitchell, Clements, Andrews, Irwin and Mulvey. Score by innings:

Runs earned-Philadelphia, 5; Jacksonville, 2. Two-base hits-Andrews, Thompson, Mulvey, relahanty.

Three-base hits—Gements, Burks.
Sacrifice hits—Mulvey, Delahanty, Kirby,

Stolen bases--Kirby, McFarlane. Left on bases--Philadelphia, 6; Jacksonville, 1 Struck out--Philadelphia, 2; Jacksonville, 10. Umpire-Dorsey. Time of game-One hour and 40 minutes.

THE PROGRAMME COMPLETE. All Arrangements Made for the Games of

Spaiding's Teams. A letter was received yesterday from Walter Spalding by Mr. A. G. Pratt, of this city. Mr. Spalding, in his letter, gives some interesting information about the teams now abroad. He says that Ward will certainly play in all the American cames, and that the balance of the players will remain together until the pro-

players will remain together until the programme is carried out.

Following is a correct schedule of the games arranged: April 8. New York; 9, Brooklyn; 10, Baltimore; 12, Philadelphia; 13, Boston; 15, Washington; 16, Pittsburg; 17, Cleveland; 18, Indianapolis; 20, Chicago.

Extensive arrangements, says Mr. Spalding, 13 being made for the receptions at New York, Philadelphia and Chicago. The New York, banquet will be held on April 8, and that at Philadelphia on the 11th. The teams will leave Queenstown on March 28 on the Adriatic, of the White Star line of steamers. They are expected to arrive in New York on April 6.

THE COLONELS SOMEWHAT SLOW.

Many of Them Fall to Report for Duty on LOUISVILLE, KY., March 22.-Though all the ball players were notified to be here yesterday, Ewing, Vaughan, Stratton, Easterbook, Shannon and Raymond failed to put in an appearance, and as yet have not materialized. Why they have not yet arrived it cannot be told; still, they are expected on every incoming train. Stratton still demands \$1,800 and no Sunday games, and President Davidson is just as firm against granting it. Browning has not signed yet nor reported for practice, and has been notified that he must practice at least two weeks before he can draw pay. Hoffman, Kan-sas City's pitcher, is here practicing with the boys, and is showing up finely. All preliminary practice by the Louisville team will be had in the open field.

Advice to Horse Breeders.

Here are some well-taken points from a prom inent Englishman's lecture on horse breeding: "I have always held that a stallion ought not to be in show condition at the end of the season. It is detrimental to the constitution and procreative powers of the stallion to be fed up like a fat bullock in early spring, for it is sellike a fat bullock in early spring, for it is seldom such an animal gets many foals for the first five or six weeks. Let any breeder put a number of mares to such a hosse which is daily losing flesh, and an equal number to a stallion that has been worked in the team. The latter will not only leave his mares in fos. from the first, but will thrive and improve, and he is in better condition at the end of the season than at the commencement, and the chances are he will leave 30 per cent more foals, and, given that the animals are equally well bred, the stock of the latter will come with more muccular power and hardier constitutions. If this be the case with the earlier date, I hold it to be a suicidal policy to continue the overfeeding a suicidal policy to continue the overfeedin during the season for the sake of winning prize at the summer shows."

Clara Bell Leads. EAST LIVERPOOL, O., March 22.-The three days' female walking match opened up last night in the Fifth street rink. There were seven starters. The score at 8:30 o'clock this seven starters. The score at \$3.30 o'clock this afternoon was: Clara Bell, \$1 miles; Nora Evans, 59 miles; Luiu Zillette, 51 miles; Aggie Harvey, 49 miles; Matnie Wood, 45 miles; Jennie Ranson, 33 miles; Alice Robeson, 32 miles, Ali the walkers are from Pittsburg except Evans, who comes from Beaver Falls. The race is for the championship of Eastern Ohio and prizes as follows: First, \$75; second, \$5.0, and third, \$25. Considerable betting is going on, and Bell and Harvey are the favorites.

It may be that the Pittsburg team will make a tour through Mexico next fall. A wella tour through Mexico next fall. A well-known patron of the club has recently traveled through that country and is enthusiastic about the good financial prospects of a Mexican trip. He has mentioned the notion of such a tour to President Nimick, and the latter seems to think well of it. There are numerous large cities that could be visited and the gentleman referred to says that baseball would be a great attraction.

BOB TURNBULL offers a purse of \$1,000 for a finish skintight gloves contest for \$1,000 a side between McAuliffe and Daly, the battle to occur within five weeks, each principal to be allowed five friends, including seconds, at the ring side. This offer will do away with Daly's inability to raise the sum McAuliffe says he must put up to battle with him—\$2,500. Turnbull telegraphed the proposition to Daly's backers yesterday. It is said that McAuliffe and his friends look on it favorably. Turnbull will deposit \$250 forfeit to produce the \$1,000 purse with Elchard K. Fox as soon as McAuliffe and Daly agree to meet to sign articles.

LATE NEWS IN BRIEF.

-Fire at Dover, N. H., yesterday, destroyed the Court House and City Hall. Loss, \$71,000; insurance, \$25,000. —Tim and Pete Barrett were hanged at Minneapolis yesterday, at 11:55 A. M., for the murder of Car Driver Tollefsen on the night of July 26, 1887.

-The Durfee and Pocassett Mills reported —The Durfee and Pocassett Mills reported yesterday a larger number of looms running than any time since the Fall River strike, but at the other mills the situation remains the same, and the number running does not affect the strike. There were some expectations of a break, but they were not realized. The strikers held a mass meeting yesterday morning, and the attendance showed no change.

—About 100 boomers left the northern part of the Oklahoma territory yesterday for their respective homes, having been conducted to the State line by the soldiers. They say they will return next month. About 300 boomers have been brought to the State line, while fully that number has been taken to Purcell. There are many hundred boomers yet hiding in Oklahoma and fresh arrivals every day. The soldiers are escorting them out as fast as possible.

—The attorneys representing the various interests in the Wabash Railroad hearing in the Chicago Federal Court looking to taking the property out of the hands of the receiver, have failed to agree upon the terms of a decree. The chief question in dispute is as to advisability of putting an upset price on the property, and the distinguished attorneys are engaged in presenting their divergent views on this subject before Judges Gresham and Jackson.

The Lord Mayor of London is doing a good work in assisting poor and deserving people to go to Paris during the coming exhibition and to have a look at the fair capital of France. He is collecting money for this purpose and is aided by a number of gentlemen. The Mayor himself has contributed largely to the scheme, which is very popular among the workingmen. Her jaw was broken. Physicians say blood poisoning will most certainly follow and cause her death. Trainor was arrested. Her offense was in saying to his demand for dinner that there was no food in the house, as she had not received pay for the last work she had done.

-More railroad schemes are on foot in West —More railroad schemes are on foot in West Virginia now than for ten years past. Major Brown, of the Kanawha Valley, intimates that \$12,000,000 will be spent on West Virginia railroads within the next 18 months. Among the new roads to be built is an extension of the Norfolk and Western through the southern counties of the State to the Ohio river, which will be bridged at Credo, and the road continued to Ironton. O. where there are several ued to Ironton, O., where there are several western outlets. This road will be began in 30 days, with 2,000 men at work. Bonds to the amount of \$6,000,000 have been sold. The road will be 160 miles long, and save 600 miles in getting West Virginia coal and iron to the West. The region made famous by the Hatfield-McCoy troubles will be crossed by this road.

ARE THE DETAILS PETTY?

The Commissioners Give the Roads Minor Instructions. According to the recent changes in the

inter-State law the railroads are required to post two schedules of rates for both freight and passengers. Judge Cooley, in a circular letter, suggests that a small desk be placed against the wall in every depot, on which the rates

for the information of passengers can be kept. The clerks are specifically warned to add, from time to time, all the changes made in the tariffs. In addition the law now gives the author-ity to the Commissioners to dictate how the

Railroad men are beginning to think that the commission is descending to details too petty in their nature for such an august body,

CLOSE TO POLYGAMY

Is the Offense Alleged Against Pretty Young Mrs. Simon.

SHE IS CHARGED WITH BIGAMY, But a Friend to Whom Elopement is

Pamiliar May Extend It. SHE DOESN'T UNDERSTAND HER PLIGHT

A pretty little German woman was brought to jail last night by a constable from Alderman Doughty's office, charged with bigamy, the charges being made by Albert Simon, son of Vincent Simon, of 3350 Penn avenue. The woman's correct name would be hard to tell, as she is charged with so much bigamy.

Mrs. Simon, or Schwinde, came to this city from Germany about nine months ago, and soon secured employment at the restaurant of Vincent Simon. She could not speak a word of English, but represented to Mr. Simon that she was single, and by her winning ways and ability to do everything that came along in the way of work, won her way into the elder Simon's heart to such an extent that, being a widower, he proposed marriage to her. He was accepted, and the pair went to Philadelphia in Jan-

uary and were married. Since then they have led a happy life, apparently, until, within the past few days, domestic troubles began to arise which were not lessened any by the intelligence that came to Mr. Simon's son to the effect that the young stepmother had another husband alive and well in Germany. Acting on this intelligence, he entered the suit mentioned above.

It is alleged that Mrs. Schwinde not only has a husband in Germany, but that she eloped from him with another man, who paid her passage to this country and lived with her until she secured employment at Mr. Simon's restaurant. She could not be made to understand her position last night, and seemed to regard the jail as a sort of hotel, for she was very particular to inquire what sort of a room she was to have in the building.

The case will come up for a hearing be-fore Alderman Dougherty next Wednesday, and the defendant is held in the meantime

Coke Operators Cannot Ran Their Oven at the Present Prices. It is believed that the 1st of April will see a general reduction in the wages of the coke workers throughout the entire region, instead of a strike on their part for higher wages. About the best price obtainable this month for coke is \$1 35 per ton for foundries and \$1 20 per ton for furnaces while it is asserted that a large coke firm is quoting to consumers at \$1 10 per ton for quoting to consumers at \$1 10 per ton for furnaces, and small orders are being filled at this price. The men at Rainey's works are reported to have had their wages reduced this week, and other operators say that at such prices, with bids for April deliveries coming in at lower figures, they cannot run and pay the present wages.

Almost all the works in the region are running four days a week. The Stewart running four days a week. The Stewart Iron Company's Beeson works are idle, the men having been locked out by the company for the past two months in an effort to rid themselves of obnoxious workmen. are now in the bands of the Sheriff for their eviction and it is likely some action will be shortly attempted by the company. The telegraphers, hot bed men, drawers and chargers at the Edgar Thomson Steel Works, have been notified that their wages will be advanced next month. They have been paid \$2 a day, but hereafter will receive a certain percentage on all rails produced. The amount is not given, but it is considered an advance over present wages. The blowing boys will also receive an
